

SKIPS

FOR THE ADVANCED SAXOPHONIST

*and any other instrumentalist that wish to play
Intervallistical Passages*

A TECHNIC BOOK ON INTERVALS

The Intervallistic Concept for all single line instruments will teach you the approach towards playing your instrument in all facets with the emphasis being placed heavily on how to play intervals.

Skips is a book designed to keep the professional Saxophonist intervallistically, technically functionable in the best of playing condition at all times; also the book is small enough for the musician to carry around with him at all times.
